Requirement Gathering Workshop For String Matching Visualiser Individual
Project Participation Consent Form

Michal Wozniak 2554268w

-
-
- I can confirm I understood the information about the project.
 - I can confirm I understood what data will be collected.
 - I can confirm that I was given the opportunity to ask questions and any questions asked have been cleared up by the facilitator.
 - I can confirm that I understood that my participation is voluntary and I can withdraw at any given time, even after the experiment takes place (data will be withdrawn in such case).
 - I can confirm that I understood that my data will be anonymised.
 - I consent for my data to be used as a guide for the product development and subsequent deployment.
-
-

I confirm that I have agreed to take part in the study.
